

## **FIA HISTORIC TECHNICAL PASSPORTS (HTPs)**

### **OVERVIEW**

The Historic Technical Passport (HTP) was introduced in 2004, to replace the earlier FIA Historic Vehicle Identity Forms. All FIA Historic Identity Forms became invalid from 31/12/2006.

The HTP form has undergone various modifications, the current version is dated 2013. Documents already issued on earlier templates remain valid, but earlier versions may be subject to update mailings.

The HTP is essentially a sporting document and its purpose is to allow a car to take part in International competitions. An HTP says nothing about the authenticity, provenance, origins, etc, of a car. It is concerned only that the car's specification is that of the particular model it purports to be, the whole purpose of the HTP is to try to ensure that cars accord with the authentic specification and can therefore compete with one another fairly.

Whether the car is wholly original, partly original, assembled wholly or partly out of period components or a copy or replica built recently is not relevant to the issuing of an HTP. The prime criteria to be granted an HTP is that the car represents a provable specification and type that competed internationally in period.

Newly issued HTPs have a valid life of 10 years from the year of issue. Upon expiry the HTP will need to be renewed.

### **REGISTRATION**

All national motorsport governing bodies (ASNs), of which the MSA is the UK's FIA affiliate, are empowered to register and file HTPs for all cars eligible to compete in International historic events.

When completed, the HTP is registered and filed electronically for MSA competition licence holders' competing cars, and for competing cars of competitors holding licences issued by other ASNs whose cars are based in, or operated from, the UK. Fees for this service are detailed below.

As a prerequisite the FIA has insisted that every car is inspected during the HTP application process. The fee for this service, payable to the inspecting Registrar, is detailed below. If you are not sure which Registrar (from the attached MSA list) to approach, please contact the MSA Historic Technical Department on 01753 765000 or email [htp@msauk.org](mailto:htp@msauk.org)

## **COSTS**

### **MSA Application and Processing Fee**

The MSA's current price (2016) for processing a new Historic Technical Passport, is £350 including VAT at the current rate. This fee is payable on application.

The following additional FIA fee appropriate to the classification of the vehicle will be payable upon the applicant being advised that HTP is ready to be issued.

#### **Band A: £115**

All cars of FIA periods A to E (with the exception of those specific classes/cases detailed in Band C)\*

#### **Band B: £231**

All cars of FIA periods F to J2 (with the exception of those periods and specific classes/cases detailed in Band C)\*

#### **Band C: £462**

All cars of FIA periods IC, KC & Z\* and all cars in the following FIA classes\*\* and specific cases:

Any Formula 1 (F1/1 to F1/6)	IMSA GT	TSRC 42
Group 5	IMSA GTP	TSRC 48
Group 6	IMSA GTO	TSRC 50
GTS 41	TSRC 12	TSRC 51
GTS 42	TSRC 17	TSRC 52
GTS 47	TSRC 18	TSRC 54
HST 5	TSRC 30	
Any Ford GT40 (including replicas)		
Any Shelby Cobra (including replicas)		
Any racing car of a type or model which has sold at auction in the most recent 24-month period for an amount in excess of US\$500,000.00.		

\* Details of the FIA dating periods are given in the table below.

\*\* Details of the FIA classes can be found in FIA Appendix K, App I.

These rates are subject to change; therefore you are advised to check at the time of application. The fee may be paid by cheque in favour of 'Motor Sports Association' or by credit card over the telephone. For the latter, please contact the Sales Department on 01753 765000.

### **Registrar's Inspection Fee**

The inspection fee, which is not an MSA charge, is payable to the individual Registrar on the day or before, and is currently agreed at up to £210 plus 45p per mile for car travel, or the cost of a second class rail fare. For longer distances, please discuss alternative travel arrangements with your Registrar. Please note that should the application be declined subsequently, these fees are not refundable.

## **TIME SCALE FOR APPLICATIONS**

Once the completed application with all elements has been received by the MSA from the Registrar, the case is submitted to the FIA for approval. Providing there are no issues or queries to be resolved, the issue of the HTP to the applicant can normally be completed within 15 working days of this submission. There is no priority process available.

## **APPLICATION PROCESS**

The order of events for obtaining a valid HTP is as follows:

1. To commence the process, the MSA requires the application and processing fee to be paid in advance. You will be asked to supply the full name and address of the applicant, and car make and model, and full payment of the MSA fee. The monies will be banked immediately. Upon payment, you will be advised of your application case number, which should be quoted at all times as the common reference.
2. For compliance with data protection legislation, if you are appointing any third parties to act on your behalf, with regard to communication about the HTP with the MSA, please complete the attached 3<sup>rd</sup> party permission form, and forward it to the MSA.
3. Contact an approved Registrar from the list to arrange an inspection, quoting the case number.
4. Obtain and complete the HTP Application form/template. Ignore the initial front page classification sections, above the actual car details, and also the FIA number (after engine type), all these will be done at completion by the MSA.
5. Photographs are required for the HTP application. As most Registrars nowadays take a series of photographs during inspection, your Registrar may be happy to take the set photographs for you during the inspection, providing that costs are met. If necessary, and after consultation with your Registrar, prepare photographs to the size as required on the application form (do NOT stick them to the form). Photographs are preferred in electronic form in most cases.
6. It may be helpful to forward your draft application and the photographs to the Registrar, if they think it is useful, so that an initial assessment can be made before the actual inspection.
7. The Registrar who inspects the car (at a mutually agreed venue) will check its specification against the HTP application, any period evidence as required, and the set of photographs.
8. The car must be available for inspection in good conditions of light, and cleanliness. It is the responsibility of the owner to jack the car and remove wheels as required.
9. Once you agree with all the details on the application, sign the appropriate page as prepared by the Registrar.
10. The Registrar will submit the completed HTP together with the photographs and any necessary for processing. Only once the MSA and FIA are satisfied that the application has been completed correctly, and that the car satisfies the required criteria will the FIA approval identity number be allocated. All queries will be referred to you through the Registrar.
11. A certified true copy (CTC) of the HTP will be sent to you, and should be kept with the car at all times. This is your documentation to present at scrutineering.
12. A numbered barcoded sticker will be affixed to the car, by the registrar at the time of inspection. This is intended to assist the scrutineering process. The sticker will be affixed to the car in accordance with FIA requirements.
13. Should you change the car's specification, or its colour, the HTP must be returned to the MSA for updating. An administration fee will apply. This will also apply if the sticker on the car is damaged or destroyed. Should you sell the car, first sign the HTP transfer document and get the new owner to complete their section of the form, and send it to the MSA. The rest of the HTP papers must be passed to the new owner.

## **APPLICANT'S HTP CHECK LIST**

1. Contact MSA to pay fees, and obtain application case number.
2. Contact Registrar appropriate to vehicle type.
3. Forward to Registrar draft application and photographs, (if required)
4. Arrange Vehicle inspection
5. Await completed template from Registrar, and check contents.
6. Once happy with the template , sign the numbered "COMPETITORS DECLARATION" and pass to the Registrar
7. Settle inspection fees and expenses with the Registrar

### Conclusion

We hope that you have found the above helpful but should you have any questions on any aspect of the above, please do not hesitate to contact the MSA. Dedicated specialist advice on historic matters is available on working days. During the busy historic motor sport season, or by reason of holidays there will sometimes be times when this availability may change. However there is always a member of staff on duty to answer non-specialist queries. Our switchboard number is 01753 765000. Alternatively, you are welcome to e-mail your questions to [htp@msauk.org](mailto:htp@msauk.org)
